Week 3

Envisioning Needs and Wishes

Juan Llorens
Full Professor - UC3M

WEEK DESCRIPTION

In this week we will unveil the art of listening and understanding different stakeholders' needs and wishes, and how to classify and manage them.

LECTURES

Do we really need requirements?

Are you sure you know what I want?

You should buy an insurance policy!

What is a requirement? Expressing needs

When to do what with my requirements?

Did you do the right thing right?

Your goal: a specification

Hands on work
