DUE DATES

"HTML5 Coding Essentials and Best Practices" is a self-paced course that do not follow a set schedule. All course materials are completely available as soon as the course begins. Assignments and exams do not have start or due dates other than the official end date of the course (28 May 2018).

The course shows indicators for graded assignments, but no due dates.

There are exercises (or assignments) all over the course. It is **strongly suggested** that you complete the exercises as promptly as possible at the end of each module of the course, because the content material will still be very fresh in your memories!

PURCHASE THE COURSE'S VERIFIED CERTIFICATE

This self-paced course offers edX-generated certificates, meaning that, after you have completed all course requirements, a certificate is generated automatically. edX verified certificates are generated in PDF format.

The deadline **to buy a Verified Certificate** is on 29 May 2018 (at 23:59 UTC).

RECEIVE A PROFESSIONAL PROGRAM CERTIFICATE

You will receive a certificate for the "Front-End Web Developer" (FEWD) Professional Certificate automatically after you earn verified certificates for all the 5 individual courses in the program. A FEWD program certificate is distributed immediately after you receive all verified certificates in the program.
